

Heritage IT Conservation in Jordan

Funded by the Royal Academy of Engineering, UK. This project is a joint partnership with Philadelphia University, Jordan and Salford University, UK

Heritage conservation and Digital technologies 2nd Jordan Stakeholder Engagement Workshop (Virtual) Workshop Agenda

Saturday 14th November 2020

1.00pm to 2.30pm Jordan time/11.00am to 12.30pm UK time

www.herititjordan.com

1.00pm Jordan time/11.00am UK time	Welcome to the participants and outline of workshop agenda
1.05pm Jordan time/11.05am UK time	Re-introduction of project (presentation) <i>Dr Rania Aburamadan, Project Leader, University of Philadelphia and Middle East University</i>
1.10pm Jordan time/11.10am UK time	Summary of outcome from the previous stakeholder workshop and Analysis of other Research Data/BIM Models (presentation) <i>Dr Claudia Trillo, Project Leader, University of Salford</i>
1.20pm Jordan time/11.20am UK time	Establishment of Centre of Excellence: Draft Strategy <i>Professor Chika Udejaja, London South Bank University and Dr Athena Moustaka University of Salford</i>
1.30pm Jordan time/11.30am UK time	Discussion of Outcomes with Local Experts – BIM Models & Draft strategy <i>Lead: Dr Kwasi Gyau Baffour Awuah, University of Salford.</i>
2.30pm Jordan time/12.30pm UK time	Conclusions and End of Workshop <i>Dr Rania Aburamadan, Project Leader, University of Philadelphia and Middle East University</i>

Heritage conservation and Digital technologies

2nd Jordan Stakeholder Engagement Workshop (Virtual)

Saturday 14th November 2020

1.00pm to 2.30pm Jordan time/11.00am to 12.30pm UK time

Heritage IT Conservation in Jordan

Funded by the Royal Academy of Engineering, UK. This project is a joint partnership with Philadelphia University, Jordan and Salford University, UK

The project IT conservation of traditional architecture and heritage in Jordan aims at filling a gap in Jordan by applying digital technologies to support heritage conservation plans.

Project name	RAEng IT conservation of traditional architecture and heritage (2019-2021)
Funding agency	Royal Academy of Engineering, Newton Fund, Industry Academia Partnership Programme - 18/19, through the Industrial Research and Development Fund.
Academic partners	University of Philadelphia, Jordan, University of Salford, UK; London South Bank University, UK
Industrial Partners	Jordan Tourist Board, OceanGreen (Jordan), Bentley, UK, SurveyTeq, Jordan

About the Workshop

The purpose of this workshop is to present the project progress since our last workshop. This includes discussing the summary of our findings, the development of a Centre of Excellence and stakeholder analysis and engaging in an interactive stakeholder discussion.

The workshop will take place via ZOOM 1.00pm to 2.30pm Jordan time/11.00am to 12.30pm UK time. The duration of the workshop is 1 hour. 30mins.

Meeting ID: 849 4257 8296

Passcode: 632040

Project Goals

Developing a new set of BIM (Building Information Modelling) objects related to the traditional architecture heritage in Jordan, suitable to be used by engineers, and architects in the development of interventions on the built environment

Creating a library of 3D models of exemplar buildings (Jordan heritage and traditional architecture), suitable to be used to promote the tourist image of Jordan.

Establishing a dedicated Centre of Excellence (COE), holding the potential to activate a virtual infrastructure enabling cross-collaboration among academia, industry, government and civic society in the field of digital technologies and heritage conservation.
